Bamboo Essentials

As one of the most eco-friendly fabrics on the market, viscose from bamboo is an amazing choice for garments. Bamboo is twice as soft as cotton, with natural antibacterial properties. It is absorbent and wicks moisture, keeping you cool. It is also a sustainable fabric, because bamboo regenerates quickly and uses 1/3 less water than cotton.

All Bamboo Essentials are "One Size", Minimum 3pcs per colour chosen

Fabric Content:
77% Viscose from Bamboo,
18% Nylon, 5% Spandex
